

PROJECT UPDATE

I-794 Lake Freeway/Hoan Bridge Project Information

JULY 2015

INTERSECTION IMPACTS CONTINUE AT VAN BUREN STREET & CLYBOURN STREET

Beginning mid/late next week, the week of July 27, construction at the intersection of Van Buren Street & Clybourn Street will transition into stage 2. During this stage, motorists will see modified traffic routes and an increased presence of traffic barricades to accommodate the next phase of work. Motorists should also note reduced lanes on northbound Van Buren Street and westbound Clybourn Street. Access to the US Bank parking structure and CPS lot will be maintained throughout construction. Traffic will remain in this configuration for approximately two weeks.

The project team appreciates your patience during this period of construction in your neighborhood. All work is subject to change.*
